That the MASON & HAMLIN CABINET and METROPOLITAN ORGANS are the best in the secold is proved by the almost unanimous opinion of professional musicians, by the award to them of seventy sive gold and silver medals or other highest preminums, at principal industrial competitions within a few years, including the medal at the Paris Exposition, and by a sale very much greater than that of any similar instrument. This company manufacture only first-class in-truments, and will not make, "cheap organs" at any price, or suffer an inferior instrument to bear their name.
